Author Index

Babich, H., D. L. Davis, and J. Trauberman: Environmental Quality Criteria: Some Considerations, 191–207

Bonnicksen, Thomas M.: Brushland Fire-management Policies: A Cross-impact Simulation of Southern California, 521–529

Brenner, Fred J., and Jeffrey Kelly: Bird Communities on Surface Mine Lands in Pennsylvania, Characteristics of, 441–449.

Brooks, Kenneth, and Frederick Steiner: Ecological Planning: A Review, 495–505

Brown, D. W., and C. E. Jensen: Earthwatch-Global Environmental Assessment, 225–233

Bruvold, W. H., B. H. Olson, and M. Rigby: Water, Public Policy for the Use of Reclaimed, 95–109

Buhyoff, G. J. , S. B. Williams, and W. D. Klemperer: Gravity Model Formulation for an Extensive National Parkway Site, 253–263

Ciali, C. P., and R. E. Manning: Recreation and River Type: Social-Environmental Relationships, 109–121

Clark, David B., and Martha W. Gilliland: Lake Tahoe Basin: A Systems Analysis of its Characteristics and Human Carrying Capacity, The, 397–407

Coats, R. N., and T. O. Miller: Silvicultural Impacts on Watersheds: A Hydrologic and Regulatory Dilemma, Cumulative, 147–161

Cohn, M. S., P. D. White, and P. W. Preuss: Asbestos Emissions, From Hand-held Hair Dryers, CRITIQUE- Consumer Product Safety: Risk Assessment of Exposure to, 15–19

Cohn, M. S., White, P.D., and P. W. Preuss: Asbestos Emissions From Hand-held Hair Dryers, Response to Rebuttal of William Hallenbeck, Consumer Product Safety: Risk Assessment of Exposure to, 91–95

Cunningham, Stephen, and David Whitmarsh: When is Overfishing Underfishing?, 377–384

Daniel, T. C., and R. C. Wendt, and D. H. Mueller: Conservation Tillage: Best Management Practice for Nonpoint Runoff, 33–55

Davis, D. L., J. Trauberman, and H. Babich: Environmental Quality Criteria: Some Considerations, 191–207

Day, J. C., Sabine Jessen, and J. G. Nelson: Regulation for Environmental Protection: The Nanticoke Industrial Complex, 385–395

De Santo, Robert S.: Thanks to Our Referees, A Note of, 473–474

Dominski, A.: Visualizing Ecology: A Unified Measuring Systems for Environmental Management, 1–5

Drawe, D. L., and McAtee, J. W.: Beach and Fordune Microclimate on North Padre Island, Texas, Human Impact on, 121–135

Dudley, D. R., and J. R. Karr: Water Quality Goals, Ecological Perspective on, 55–69

Erman, Don C.: Stream Macroinvertebrate Baseline Surveys: A comparative Analysis from the Oil-shale Regions of Colorado, USA. 531–536

Etnier, E. L., and A. P. Watson: Geothermal and Biomass Energy, Health and Safety Implications of Alternative Energy Technologies. I, 313–329

Etnier, E. L., and A. P. Watson: Solar Energy, Health and Safety Implications of Alternative Energy Technologies. II, 409–425

Etnier, E. L., A. P. Watson, and P. J. Walsh: Fossil Energy, Health and Safety Implications of Alternative Energy Technologies. III, 483–494

Etnier, E. L., P. J. Walsh, and A. P. Watson: Energy Technologies and Health, Alternative, 283–285

Ewel, Katherine Carter, and Alberto Vega: Wastewater Effects on a Waterhyacinth Marsh and Adjacent Impoundment, 537–541

Fodor, Paul A., David J. Parsons, and Thomas J. Stohlgren: Mineral King, California, Establishing Backcountry Use Quotas, An Example from, 335–341

Giles, Robert H., Jr.: Environmental Agency Research Results: Improved Information Transfer, 291–295

Gilliland, Martha W., and B. David Clark: Lake Tahoe Basin: A Systems Analysis of its Characteristics and Human Carrying Capacity, The, 397–407

Golet, F. G., and J. A. Parkhurst: Rhode Island, 1939-1972, Freshwater Wetlands Dynamics in South Kingston, 245–253

Greenkorn, R. A., K. J. Yost, and L. J. Miles: Cadmium: Simulation of Environmental Control Strategies to Reduce Exposure, 341–353

Hallenbeck, W. H.: Asbestos Emissions from Hand-held Hair Dryers, Consumer Product Safety: Risk Assessment of Exposure to, 23–33

Hallenbeck, W. H.: Asbestos Emissions, From Hand-held Hair Dryers, REBUTTAL-Consumer Product Safety: Risk Assessment of Exposure to, 19–23

Hammitt, William E., and Gary L. Larson: Management Concerns for Swimming. Tubing, and Wading in the Great Smoky Mountains National Park, 353–363

Hollick, Malcolm: Mitigation Measures Resulting from Environmental Impact Assessment, Enforcement of, 507–513

Howell, E. A.: Landscape Design, Planning, and Management: an Approach to the Analysis of Vegetation, 207–213

Janardan, Konanur, G., Harold W. Kerster, and David J. Schaeffer: Threshold Estimation from the Linear Dose-Response Model: Method and Radiation Data, 515–520

Jensen, C. E., and D. W. Brown: Earthwatch-Global Environmental Assessment, 225–233

Jessen, Sabine, J. G. Nelson, and J. C. Day: Regulation for Environmental Protection: The Nanticoke Industrial Complex, 385–395

Johnston, Jr., Sam A.: Estuarine Dredge and Fill Activities: A Review of Impacts, 427–440

Jokl, M. V.: Theory of the Physical Environment: An Introduction, 295–301

Karr, J. R., and D. R. Dudley: Water Quality Goals, Ecological Perspective on, 55–69

Karr, J. R., and I. J. Schlosser: Riparian Vegetation and Channel Morphology Impact on Spatial Patterns of Water Quality in Agricultural Watersheds, 233–245

Kelly, Jeffrey, and Fred J. Brenner: Bird Communities on Surface Mine Lands in Pennsylvania, Characteristics of, 441–449
Kerster, Harold W., David J. Schaeffer, and Konanur Janardan: Threshold Estimation from the Linear Dose-Response Model: Method and Radiation Data, 515–520
Kessell, S. R.: Plant Succession, The Challenge of Modeling Post-Disturbance, 5–15
Kinzelbach, W. K. H.: Cooling Capacity of the Upper Rhine: A Case Study, Managing the, 69–79
Klemperer, W. D., G. J. Buhyoff, and S. B. Williams, Gravity Model Formulation for an Extensive National Parkway Site, 253–263

Larson, Gary L., and William E. Hammitt: Management Concerns for Swimming, Tubing, and Wading in the Great Smoky Mountains National Park, 353–363

McAtee, J. W., and Drawe D. L.: Beach and Fordune Microclimate on North Padre Island, Texas, Human Impact on, 121–135
Manning, R. E., and C. P. Ciali: Recreation and River Type: Social-Environmental Relationships, 109–121
Miles, L. J., R. A. Greenkorn, and, K. J. Yost: Cadmium: Simulation of Environmental Control Strategies to Reduce Exposure, 341–353
Miller, T. O., and R. N. Coats: Silvicultural Impacts on Watersheds: A Hydrologic and Regulatory Dilemma, Cumulative, 147–161
Mueller, D. H., T. C. Daniel, and R. C. Wendt: Conservation Tillage: Best Management Practice for Nonpoint Runoff, 33–55

Nelson, J. G., J. D. Day, and Sabine Jessen: Regulation for Environmental Protection: The Nanticoke Industrial Complex, 385–395

O'Banion, Kerry: Risks of Energy Technology, Public Relation to the, 329–335
Olson, B. H., M. Rigby, and W. H., Bruvold: Water, Public Policy for the Use of Reclaimed, 95–109

Parkhurst, J. A., and F. G. Golet: Rhode Island 1939-1972, Freshwater Wetlands Dynamics in South Kingston, 245–253
Parsons, David J., Thomas J. Stohlgren, and Paul A. Fodor: Mineral King, California, Establishing Backcountry Use Quotas: An Example from, 335–341
Petak, W. J.: Environmental Management: A System Approach, 213–225
Preuss, P. W., M. S. Cohn, and P. D. White: Asbestos Emissions From Hand-held Hair Dryers, CRITIQUE - Consumer Product Safety, Risk Assessment of Exposure to, 15–19
Preuss, P. W., M. S. Cohn, and P. D. White: Asbestos Emissions From Hand-held Hair Dryers, Response to Rebuttal of William Hallenbeck, Consumer Product Safety: Risk Assessment of Exposure to, 91–95
Price, C.: Charging Versus Exclusion: Choice Between Recreation Management Tools of, 161–177
Rigby, M., W. H. Bruvold, and B. H. Olson: Water, Public Policy for the Use of Reclaimed, 95–109
Rowe, J. Stan, and John W. Sheard: Ecological Land Classification: A Survey Approach, 451–464

Schaeffer, David J.: Is "No-Threshold" a "Non-Concept"?, 475–481
Schaeffer, David J., Konanur G. Janardan, and Harold W. Kerster: Threshold Estimation from the Linear Dose-Response Model: Method and Radiation Data, 515–520
Schlosser, I. J., and J. R. Karr: Riparian Vegetation and Channel Morphology Impact on Spatial Patterns of Water Quality in Agricultural Watersheds, 233–245

Title Index

Asbestos Emissions From Hand-held Hair Dryers, Consumer Product Safety: Risk Assessment of Exposure to: W. H. Hallenbeck, 23–33

Asbestos Emissions, From Hand-held Hair Dryers, CRITIQUE-Consumer Product Safety: Risk Assessment of Exposure to: M. S. Cohn, P. D. White, and P. W. Preuss, 15–19

Asbestos Emissions, From Hand-held Hair Dryers, REBUTTAL-Consumer Product Safety: Risk Assessment of Exposure to: W. H. Hallenbeck, 19–23

Asbestos Emissions From Hand-held Hair Dryers, Response to Rebuttal of William Hallenbeck, Consumer Product Safety: Risk Assessment of Exposure to: M.S. Cohn, P. D. White, and P.W. Preuss, 91–95

Backcountry Use Quotas: An Example from Mineral King, California, Establishing: David J. Parsons, Thomas J. Stohlgren, and Paul A. Fodor, 335–341

Beach and Fordune Microclimate on North Padre Island, Texas, Human Impact on: J. W. McAtee and D. L. Drawe, 125–135

Bird Communities on Surface Mine Lands in Pennsylvania, Characteristics of: Fred J. Brenner, and Jeffrey Kelly, 441–449

Brushland Fire-management Policies: A Cross-impact Simulation of Southern California: Thomas M. Bonnicksen, 521–529

Cadmium: Simulation of Environmental Control Strategies to Reduce Exposure: K. J. Yost, L. J. Miles, and R. A. Greenkorn, 341–353

Charging Versus Exclusion: Choice Between Recreation Management Tools: C. Price, 161–177

China, Land Use and Management in the People's Republic: Vaclav Smil, 301–313

Conservation Tillage: Best Management Practice for Nonpoint Runoff: D. H. Mueller, T. C. Daniel, and R. C. Wendt, 33–55

Cooling Capacity of the Upper Rhine: A Case Study, Managing the: W. K. H. Kinzelbach, 69–79

Earthwatch-Global Environmental Assessment: C. E. Jensen, and D. W. Brown, 225–233

Ecological Land Classification: A Survey Approach: J. Stan Rowe, and John W. Sheard, 451–464

Ecological Planning: A Review: Frederick Steiner, and Kenneth Brooks, 495–505

Energy Technologies and Health, Alternative: A. P. Watson, E. L. Etnier, and P. J. Walsh, 283–285

Environmental Agency Research Results: Improved Information Transfer: Robert H. Giles, Jr., 291–295

Environmental Management: A System Approach: W. J. Petak, 213–225

Environmental Quality Criteria: Some Considerations: H. Babich, D. L. Davis, and J. Trauberman, 191–207

Estuarine Dredge and Fill Activities: A Review of Impacts: Sam A. Johnston, Jr., 427–440

Fossil Energy, Health and Safety Implications of Alternative Energy Technologies. III: P. J. Walsh, E. L. Etnier, and A. P. Watson, 483–494

Geothermal and Biomass Energy, Health and Safety Implications of Alternative Energy Technologies. I: A. P. Watson, and E. L. Etnier, 313–329

Gravity Model Formulation for an Extensive National Parkway Site: G. J. Buhyoff, S. B. Williams, and W. D. Klemperer, 253–263

Guild Theory Development as a Mechanism for Assessing Environmental Impact: W. D. Severinghaus, 187–191

Health and Safety Implications of Alternative Energy Technologies. II. Solar: E. L. Etnier, and A. P. Watson, 409–425

Health and Safety Implications of Alternative Energy Technologies. III. Fossil Energy: P. J. Walsh, E. L. Etnier, and A. P. Watson, 483–494

Iron Ore Tailings – The Case of Tolo Harbour, Hong Kong, Environmental Impacts of: M. H. Wong, 135–147

Is "No-Threshold" a "Non-Concept"?: David J. Schaeffer, 475–481

Lake Tahoe Basin: A Systems Analysis of its Characteristics and Human Carrying Capacity, The: Martha W. Gilliland, and B. David Clark, 397–407

Landscape Design, Planning, and Management: An Approach to the Analysis of Vegetation: E. A. Howell, 207–213

Management Concerns for Swimming, Tubing, and Wading in the Great Smoky Mountains National Park: Gary L. Larson, and William E. Hammitt, 353–363

Mitigation Measures Resulting from Environmental Impact Assessment, Enforcement of: Malcolm Hollick, 507–513

Pig Populations in the National Parks, Wild: F. J. Singer, 263–271

Plant Succession, The Challenge of Modeling Post-Disturbance: S. R. Kessell, 5–15

Recreation and River Type: Social-Environmental Relationships: R. E. Manning, and C. P. Ciali, 109–121

Regulation for Environmental Protection: The Nanticoke Industrial Complex, Ontario, Canada: J. G. Nelson, J. C. Day, and Sabine Jessen, 385–395

Rhode Island, 1939-1972, Freshwater Wetland Dynamics in South Kingstown: F. G. Golet, and J. A. Parkhurst, 245–253

Riparian Vegetation and Channel Morphology Impact on Spatial Patterns of Water Quality in Agricultural Watersheds: I. J. Schlosser, and J. R. Karr, 233–245

Risks of Energy Technology, Public Reaction to the: Kerry O'Banion, 329–335

Silvicultural Impacts on Watersheds: A Hydrologic and Regulatory Dilemma, Cumulative: R. N. Coats, and T. O. Miller, 147–161

Solar Energy, Health and Safety Implications of Alternative Energy Technologies. II: E. L. Etnier, and A. P. Watson, 409–425

Stream Macroinvertebrate Baseline Surveys: A Comparative Analysis from the Oil-shale Regions of Colorado, USA: Don C. Erman, 531–536

Thanks to Our Referees, A Note of: Robert S. DeSanto, 473–474
Theory of the Physical Environment: An Introduction: M. V. Jokl, 295–301
Threshold Estimation from the Linear Dose-Response Model: Method and Radiation Data: David J. Schaeffer, Konanur G. Janardan, and Harold W. Kerster, 515–520

Visualizing Ecology: A Unified Measuring System for Environmental Management: A., Dominski, 1–5

Water, Public Policy for the Use of Reclaimed: W. H. Bruvold, B. H. Olson, and M. Rigby, 95–109
Water Quality Goals, Ecological Perspective on: J. R. Karr, and D. R. Dudley, 55–69
Wastewater Effects on a Waterhyacinth Marsh and Adjacent Impoundment: Alberto Vega, and Katherine Carter Ewel, 537–541
When is Overfishing Underfishing?: Stephen Cunningham, and David Whitmarsh, 377–384
Witness-Slides Are Not Enough, The Expert: Daniel E. Willard, 285–291
